

# SafeLine<sup>®</sup> Step

SafeLine<sup>®</sup> Step is a hybrid alternative that combines the best features of the ProStep<sup>®</sup> and PosiTread<sup>®</sup> ranges. With the durable, P5 safety of the ProStep<sup>®</sup> Classic, and the clean, minimal aesthetic of the PosiTread range.

Available as both an angle and a tread, the SafeLine<sup>®</sup> Step uses the SafeLine<sup>®</sup> range of strip insert safety tapes, which are manufactured from a unique combination of aluminium oxide and a thick plastic carrier to provide a flexible yet durable anti-slip solution.

Suitable for both internal and external use, SafeLine<sup>®</sup> Step provides a cost effective safety stair nosing that doesn't compromise on aesthetics.

Supplied cut to length with the SafeLine<sup>®</sup> Tape applied, DIY installation is easy to achieve with a suitable adhesive.

## KEY FEATURES

- Easy to install with no fuss - ideal for DIY applications
- Provide an P5 safety rating, the highest in the industry
- Conforms to all aspects of the relevant safety and public access standards
- Supplied to length up to 3.6m
- Available in 6 colours including hazard, and luminescent
