LEATHER CO

MELBOURNE

FULL GRAIN LEATHER RANGE

Manufactured from full grain leathers that have been completely dyed through and impregnated with nourishing fat liquors and oils. Full grain leathers have a luxurious warm touch and display their natural grain the same way timber does. The wrap material is supplied in continuous length allowing for long runs to be wrapped seamlessly.

Dawson Street Leather Co can design, supply and install leather wrapping on posts, handrails, furniture and handles for your project.

Choose from the standard range of leather wraps or discuss your creative thoughts with Dawson Street Leather Co about your specific project, design elements such as patterns, stitching and finishes can be applied to create a unique design.

Leather is sourced from local and overseas tanneries that are certified and sustainable which allows Dawson Street Leather Co to source leathers to suit your project needs.
