

COMMERCIAL RANGE

product release

25th May 2020

polytec are pleased to announce the addition of the newest product into the **Commercial laminate** range, Magnetic laminate. **polytec's** new White Magnetic Gloss laminate is a 1mm thick high pressure laminate containing a layer of metallic foil ensuring magnetic objects will stick to the surface.

White Magnetic laminate has a Gloss finish which characteristics create a surface perfect for non-permanent whiteboard marker use.

Magnetic laminate is supplied as 1mm 3080mm x 1220mm sheet stocked at Somersby NSW and distributed to order. Magnetic laminate may also be laminated onto board substrates on request.

Item code: 52080 - Laminate White Magnetic Gloss 1mm 3080x1220

Samples of White Magnetic Gloss laminate are not being produced at this time.
